

Let's Get Started Orienteering

Orienteering@theHub Challenge

To go orienteering we need a map of the area where we want to go

There are lots of different types of maps. Can you find some maps in your school or home?

Challenge1: Draw a Map of your Room or Garden

Remember:

- What things look like from above
- Use symbols
- Add a key to tell others what the colours and symbols mean
- Only map things which are always there and not moving - no cars or dogs or cats

This is a map of my garden

Challenge 2: Add a Course to your Map

Remember:

- △ for Start
- ○ for each control
- ◎ for Finish
- Controls - numbered in the order they must be visited
- Controls are joined by straight lines in this sequence

I've added a course

Challenge 3: Put out markers and challenge someone to try your course

You can draw markers or put out toys or stones.

Challenge 4: Can they now make a course for you?
